

LICENSE APPLICANTS PLEASE NOTE:

- All applications must be filled out COMPLETELY prior to licensing. Some applications are two sided (2 pages).
- Incomplete applications will result in delays for you and everyone behind you because they will need to be finished.
- Plan ahead, do NOT come in at the last moment and expect to be rushed through because you have a horse in the first.
- License office will be open the day before the first day of racing as well as all race days. Schedules will be posted ahead of time for each meet.
- **TRAINERS**, it is YOUR responsibility to make sure each of your owners has a completed application form, including any required stable applications. They are available online at <http://mt.gov/liv/> via a link on the right hand side as well as the forms available here. You can have them fax completed forms to you or get the information from them via phone while you fill it out but they need to be completed and signed. You may sign your name as trainer on the signature line.
- Privacy Act of 1974 Notice. Disclosure of your social security number is mandatory and is required by the Board of Horse Racing for identification verification as well as license enforcement, disciplinary and reporting purposes. Your social security number will be used to verify and report license and/or disciplinary status in and to other racing jurisdictions as well as other government agencies. It may also be used to complete information for tax reporting for the various track accounting procedures.
